

# BUS FARES CHANGES

**from Monday 08 February 2010**

We last increased our single journey fares in June 2008 and day returns and promotional fares in 2005. We also maintained our promise not to increase fares during 2009.

With increasing costs, especially for diesel fuel and insurance, we regret our fares must now be increased, but we are retaining some REAL BARGAIN FARES, which we hope will help in these difficult times.

Most adult and child singles will increase by 10p and day returns and adult ALL Day Tickets by 20p. Child and Family All Day Tickets remain unchanged.

*Minimum fare* - adult 50p and child 30p for any journey wholly within one farestage, (except on services 16, 108, 130, 350, 372 and *The X1*)

Fares on *Beartown Buses* in Congleton will all increase by 10p from 01 February 2010.

Fares in Crewe were increased last Autumn and so will not be increased again this time.
